FIRE DEPARTMENT HEADS REPORT ON RENO MEET

The morale, organization, and a ctness of the fire departments of the eleven western states were amply demonstrated at the Pacific Coast Association of Fire Chiefs convention at Reno, recently, according to Fire Chief A. P. Chesney of Daly City, who attended with Assistant Fire Chief Arthur Bodien.

"It was the best convention ever held on the Pacific coast," said Bodien.

Five hundred and sixty-nine members crowded the small Nevada city for three days, September 8, 9, and 10. California led in attendance with 308; Oregon sent 37, Washington 21, and the remainder of the states from one to seven. There were representatives from the Hawaiian Islands and British Columbia, as well as Chief Herbert Scott, of the London fire force.

The Peninsula Fire Chiefs association, including the twenty communities in San Mateo and Santa Clara counties, and San Jose, turned out with 38 members, accompanied by their wives.

According to the local firemen, the talk given by Scott was one of the most interesting of the convention. The London fire fighter had been through over a hundred air raids, and told in detail the chaotic difficulties faced by the English firemen. The talk was followed by moving pictures of London fires, and of how the householders and their families put out their own fires.

Demonstrations were given in the street of incendiary bombs, and how to extinguish them. Water is of no use; only sand is effective against this dangerous type of bomb.

The delegates signed up for a three day course of instruction given by M. K. Rouse, of the Pacific Board of Underwriters. These classes were conducted from 7 a. m. to 9 p. m.

Among the subjects taken up were oil fire control, checking flow of blood from the arteries, ladders, construction and testing, building code, transportation, preparedness, relation between waterworks and fire department, fireworks, mutual aid, emergency trailers, volunteers, emergency protection in army and navy properties, fumigating, windstorms and their effect on fire departments, disaster plans, current development in fire control, communications, England's war of fires, defense organization, incendiary bombs, and characteristics of liquified petroleum gas.

The convention concluded with a round table discussion, a question box, election of officers, and a banquet.

Chesney and Bodien will make a report to the city council of the convention at the next regular meeting, Monday. They will divide what they have learned into lessons, to be imparted to the members of the local fire department.

Local Draft Board Will Supply 37

Maybe the best soldiers come from Daly City and the area roundabout — we don't know. Anyway, more draftees will be sent to camp by Draft Board 103 during October than by the boards of any other city in San Mateo county.

Thirty-seven men in this area will be requested by the federal government to join the army.

Burlingame will send 31, San Mateo 28, Redwood City 20, and Menlo Park 17. The total to be drawn from California is 9,381.

The sixteenth draft call, scheduled for Wednesday will take six men. Those from Daly City are: Norman William Allen, 272 Hillcrest drive; James William English, 338 Irvington street, and William Edward Schauer, 285 Hillcrest drive.

The others are Richard Erwood Fulton, San Francisco; Joseph Arias Garcia, South San Francisco, and Harold Monroe Ellis, Brisbane.

Cleaners Lead In Bowling Tourney

Off to a fast start, the Daly City Cleaners bowling team went to work on the Lions club, Friday night, and took them over, 3-0. This accomplishment put them in the lead in the Daly City Bowling league at the start of the 21-week tournament at the Steel Bowl, in South San Francisco.

Results of other games were as follows: Conci's Shell Service de-

Last Press Runs On Edition Start

"Super-colossal" and "terrific" are big Hollywood words used to describe something really unusual and extra-special.

The Daly City Record staff feels justified in adopting "Super-colossal" and "terrific" in describing the thirtieth anniversary edition, final runs of which are rolling off the press this week. With great enthusiasm The Record staff will present their greatest journalistic endeavor.

For the past four months continuous work has been going into a sixty-page, two-color edition styled to appropriately celebrate Daly City's thirtieth birthday. Packed with pictures, the paper will tell the story of the growth of this community from cow pastures and sand dunes at the turn of the century to a thriving suburban city of 10,000 population today.

Divided into sections, the paper will give a graphic story of Daly City's civic life, homes and gardens, recreation facilities and activities, business and social affairs.

Daly City Record Thirtieth Anniversary edition will make its debut at the San Mateo County fiesta, Bay Meadows, Saturday. Copies will be delivered to advertisers and will be available at The Record office the same day. On Wednesday, next week, all regular Record subscribers will receive the anniversary edition. On Thursday, The Record circulation department will start making a personal presentation of the edition to every local home.

Strains of music by the Daly City Band, under the direction of George Brenner, will fill the air during the Annual Fall Festival and Bazaar sponsored by Our Lady of Perpetual Help church, it was announced by Roy Thompson, chairman of the entertainment committee.

The band will play in the school yard of the church, Sunday, starting at 2 p. m.

A series of whist parties to raise funds for the bazaar are being held by parishioners. During the first week in September a whist was held by Mrs. Tony Parmisano and Mrs. Mary Reardon. Mrs. A. Arata, Mrs. Sue Cullen, and Mrs. Roy Thompson held a whist last Wednesday. Today, Mrs. May Garside will follow suit. Mrs. C. Rengstorff, Mrs. G. E. Roots, and Mrs. Garrett Colloty

The student body at Jefferson Union high school accomplishes a lot in the line of school activities. Much of the credit must go to their lively leaders: (first row, left to right) Eugenia Rich, secretary; Tillie Castro, yell-leader; Grace Lopresti, treasurer; (second row, left to right) Art McCrystle, judge; Serafino Ragni, sergeant-at-arms; James Parker, president; Roy DeVincenzi, vice-president.

Three Hundred Attend Ford Rites

With over three hundred paying homage to a good friend and a good officer, the funeral of Edward J. Ford was held, Thursday, at the W. C. Lasswell chapel.

Requiem mass was celebrated at Our Lady of Perpetual Help church, following a service conducted by the Veteran Firemen's association of Daly City. Ford had been secretary of this organization.

He had been desk sergeant of the Daly City police force for eight years. Pallbearers were Police Chief James Reardon, Ser-

DALY CITY WILL JOIN TREK TO FLORAL FIESTA

Gertrude Niesen

A fairyland of flowers has been prepared for tomorrow's grand opening of the San Mateo county's eleventh annual fiesta at Bay Meadows!

There will be a $100,000 orchid garden to dazzle the eyes of the thousands of expected visitors. Workmen have finished placing 50,000 magnolia leaves on the huge, "Floral Stairway to the Stars," the aster-covered exhibit which will meet the eyes of visitors as they enter the Bay Meadows grand stand from the main southern entrance.

All over Daly City families are getting ready to make their annual trip to the fiesta. Local grammar schools and Jefferson Union high school will close for a half day, Friday, so that the youngsters here may take advantage of Children's day.

On this day special events and entertainment are being arranged and designed to whet the pleasure appetites of the kiddies. For this day, only, a nominal charge will be made for all students, including those of junior college age.

Four thousand exhibits have been readied for the pleasure of fiesta-goers. Carpenters have completed hundreds of stands and shelves on which thousands of the county's choicest chrysanthemums, gardenias, roses, and blossoms of a hundred other varieties will be artistically arrayed.

The four-day "flower carnival" is expected to be seen by a record 40,000. There will be exhibits by county elementary schools and adult classes on the main and mezzanine floors of the grandstand. In a large tent to the north, members of the East Palo Alto grange and residents of Half Moon

Police Chief Warns Against Dumping

No Dumping!

A stern warning was issued this week by Police Chief James G. Reardon that dumping on vacant lots in Daly City is a police offense, a violation of a city ordinance. The admonition was issued at the suggestion of Assistant Health Inspector Fred Collins, who has been receiving numerous complaints about the bad condition of vacant lots, especially on Mission street.

"Violators of the ordinance against the dumping of rubbish will be prosecuted vigorously," said Reardon.

The city council, sitting in caucus, asked the fire department to burn off the worst lots. This will be done, Saturday afternoon, according to Fire Chief A. P. Chesney.

No, Nobody Was Severely Hurt

It looked like there were forty extensively injured persons in the first aid class at Legion hall, last Tuesday. Everyone was well bandaged.

The members of the class were practising dressing one another's imaginary injuries, under the tutelary eye of R. L. Crane jr., Red Cross first aid instructor.

Yesterday the class took up wounds and dressing, with a check-up on what they had learned about pressure points for stopping hemorrhages.

The second first aid class, to take care of the overflow of the original class, started Monday at 7:30 p. m. at Legion hall. Both classes are sponsored by Daly City Post No. 410, American Legion.

Instructor of the Monday class is Miss Juanita Young, a physical education teacher at Jefferson Union high school. She is an accredited Red Cross instructor.

The existence of this first aid course has been announced in the junior and senior classes of the high school. Although everyone is invited to join the class, high school and junior college students are particularly urged to attend.

The first aid course will continue for fifteen weeks. This is the standard course. An advanced first aid class of ten weeks will follow.

What's A Rattlesnake Between Neighbors?

What's a rattlesnake or two?

John Kellman is very nonchalant about them. In fact he keeps a few of them in his basement at 146 Park avenue.

To some people the rattlesnake is one of God's least lovable creatures. Included in this group of nervous individuals is Mrs. C. R. Russell, 201 Park avenue.

Mrs. Russell heard about the snakes, and knowing that her children and other children played in Kellam's basement, she called the police last Wednesday to investigate.

The investigation revealed that the reptiles were closed up in wire cages and were not dangerous. Kellman is making a study of snakes and needs to have some around.

A Good Place To Have Some Fun

A good place to make new friendships and pep up some old ones is the fortnightly dance sponsored by the Daly City WPA Recreation department at General Pershing school.

The next dance there will be, Friday evening, it was announced by the recreation office.

"Take your girl or come alone. Enjoy dancing to the latest tunes. Lots of people are doing it. And they're enjoying it," said Mrs. Marie Burton, Daly City WPA Recreation department.

The Pershing school dance is one of the most popular of the local WPA Recreation department projects, as is proved by the crowds that attend them each time.

Miss Melba Nelson Takes Nuptial Vows In Charming Church Ceremony, Sunday

At one of Daly City's most charming weddings of the season, Sunday, Miss Melba Nelson became the bride of Eugene Doyle. Miss Nelson walked down the flower-laden aisle on the arm of her father, Henry Nelson, to exchange vows under a white flowered arch. The impressive ceremony was performed by Father Thomas Phelan at 3:30 p. m., at Our Lady of Perpetual Help church.

Leading the wedding procession were three bridesmaids attired in pink net dresses with tight-fitting bodices and full skirts. The bridesmaids, Miss Mary Giusti, Mrs. Al Doyle jr., and Miss Dorothy Sikeotis, wore matching hats.

The matron-of-honour, Mrs. Emil Hesselein, wore a blue net dress styled the same as the bridesmaids' gowns. She also wore a matching head piece.

Barbara Jean and Carol Joan Hesselein were flower girls and were dressed in blue organza, and little matching hats.

Shower bouquets of blue delphenium were carried by the bridesmaids, and a shower bouquet of pink roses by the matron-of-honour. The flower girls held old-fashioned bouquets of baby roses.

The bride wore a beautiful white, slipper satin gown, styled along princess lines. A long veil was caught up in a crown of pearls and nestled in her curls.

The bride's bouquet was a shower of gardenias, bouvardia and orchids.

The nuptial vows were taken before a crowd of approximatley three hundred friends and relatives.

Mother of the bride, Mrs. Henry Nelson, was dressed in a plum colored redingote and black accessories. She wore a gardenia corsage.

After the services, members of the family, relatives and close friends gathered at the home of the bride's parents, 133 South Parkview, to congratulate the newly-married couple.

John Jones, Robert Nelson and Joseph Nicoletti were ushers.

For her going away outfit, the bride chose a green suit with brown accessories. The newlyweds are now honeymooning at Catalina.

Upon their return they will reside at 1865 Fulton street, San Francisco.

Ciemolis Celebrate Three Anniversaries

Three anniversaries at once!

When the Peter Ciemolis go in for anniversaries they don't stop at one, no sir! Friday marked the twentieth time the date of Ciemoli's marriage to his wife, Martha, has passed by.

Well-known in Daly City as the proprietor of the Colonial Cafe, Ciemoli was married in San Diego in 1921. In 1926 he moved to 813 Brunswick street, Daly City, where he has lived ever since.

Sunday was the anniversary of his taking over the Colonial Cafe, in 1936. Also it was the date of the remodeling of the cafe, two years ago.

Ciemoli celebrated his three anniversaries with an informal gathering of friends at his cafe, Friday night. His 19-year-old daughter, Evelyn, also attended.

Next change in the Colonial Cafe staff will occur this week, when Mrs. Belle Grand, San Francisco, will, with Mrs. Ciemoli, take over the kitchen and dining room duties. Mrs. Grand has been in the catering business on Nob Hill for many years.

Ciemoli will give his full attention to dispensing drinks at the bar.

Bette Davis, James Cagney Star In New D. C. Film

In line with their policy of presenting the pick of screen entertainment, the Daly City Theatre management announces that they have scheduled "The Bride Came C. O. D.", starting tomorrow. James Cagney and Bette Davis are co-starred in the new Warner Bros. comedy, the romance between an aviator and an heiress, a frothy story sleekly modeled along streamlined laugh lines.

For Cagney and Miss Davis, "The Bride Came C.O.D." marks their first co-starring effort, and according to all advance reports, the team sets a new record for smooth coordination in getting the most out of the clever comedy script.

"The Bride Came C.O.D." tells the amusing tale of a spoiled young debutante with more dollars than sense and an aviator with just the opposite combination. She is about to elope with a self-infatuated bandleader, who hires Cagney to fly them to Las Vegas. But Cagney, desperately in need of funds in order to keep up payments on his plane, decides it will be more profitable to deliver the bride beak home to her doting papa. He gets her father on the phone and clinches the deal. He will be paid ten dollars a pound, C.O.D., for delivering the would-be bride, unmarried. By a simple ruse, he gets Bette in the plane first, and flies off, leaving the bewildered bridegroom gaping on the ground. Positive that she is being kidnapped by a desperate criminal—an illusion which Cagney does nothing to shatter—she attempts a parachute jump and lands safely but painfully in a bed of cactus.

The two get to know each other rather well during the next few days. Near their landing place, they discover an abandoned mining town, with a population of one. He is, handily, the hotelkeeper.

From here on, it's a battle of wits between the pair, with Bette trying to get back to civilization and Cagney trying to keep her there until he can fix his plane, fly her to her father, and collect ten dollars a pound for her.

The ending is cleverly handled, maintaining the suspense right up to the last minute.

Companion feature on the new bill will be "Hurry, Charlie, Hurry," with Leon Errol and Mildred Coles.

Bette Davis seems to be protesting wildly in this hilarious scene from "The Bride Came C. O. D.," opening tomorrow at the Daly City theatre.

Holy Angels Parish To Hold Whist Friday

Proceeds from the affair will be used to augment the building fund for the new church.

Cash prizes and other attractive awards have been secured for the party. After the game, free refreshments and a social period will be enjoyed. The public is invited.

Pershing P. T. A. To Install Officers

General Pershing P. T. A. has called a special meeting for Tuesday, October 7, 1:30 p. m. to install several new officers. Due to a number of resignations after the spring elections, new leaders have been selected for the offices of president, treasurer, and auditor. Installing officer will be Mrs. L. H. Bissett, parliamentarian for the seventeenth district, C. C. P. T. She will induct into office Mrs. Nora Clifton, president; Mrs. Marge Calvin, treasurer; Mrs. Anne Eason, auditor.

Preceding the installation, a short business meeting will be held. Mrs. Dora Barker's class will give the school demonstration.

Another highlight of the October 7 meeting will be the presentation of the programs for 1941-1942 by Mrs. Ruth Canier, program chairman. Attractively bound in bright orange covers, the booklets give a comprehensive outline of the entire year's activity schedule. Unit theme is "First Lines of Defense."

At the last meeting of the unit the appointment of Mrs. Sadie Welsh to the post of magazine chairman was ratified. She has announced a magazine whist for Friday, October 3, 1:30 p. m. at Pershing school. The public is invited.

Sewing chairman, Mrs. Frances Haussler, this week reminded members of the unit that the sewing group now meets every Thursday at 1:30 p. m. at General Pershing school.

"We are already preparing for our annual bazaar and we need all the help we can get," she said.

Health Department

The San Mateo County Health department will take over the 912 family cases that have been taken care of by the San Mateo County Tuberculosis and Health association, early in the spring, it was announced.

These cases include all families in which a positive tuberculin test was found since the first mass testing was started by the Christmas Seal sale organization in 1937.

The nursing committee of the organization is working with the administration office to facilitate the shift. The committee met recently at the home of the chairman, Mrs. J. M. Foley in San Mateo. Those present were Mrs. Foley, Mrs. Robert Wallace, Mrs. Hyman Kaplan, and Miss Eleanor Throndson, school nurse with the county school department.

THOUGHTLESS PRODIGALITY

One of the most dangerous signs of the time is the appalling public indifference to debt and government spending.

All favor the expenditure of as many billions as defense requires. But a public attitude which permits unnecessary non-defense spending to go unchecked, and which does not demand of governmental leaders a workable plan for eventually paying the bill, is a threat to our very existence as a democratic nation. Thoughtless prodigality is the surest road to disaster for an individual, a business, or a nation.

Hillside Children's Safety Club Girls Are Sewing For Red Cross

Some of the most indefatigable Red Cross workers in town are the little misses who comprise the Hillside Children's Safety club. The six older girls in the group have already done a great deal of sewing for the Red Cross, while the younger members have faithfully worked at folding and counting. The group meets regularly each Saturday morning at the home of the leader, Mrs. Francis Bradley, 358 Hillside boulevard.

Among the young ladies working on the project are Amelia Capurro, Shirley Chesterd, Dolores and Barbara Winter, Lois Rentsch, Corinne Watts.

Last Monday, as a reward for their hard work, Mrs. Bradley took the group to downtown San Francisco Red Cross headquarters. Here they saw stacks of baby booties, blankets and gowns waiting for shipment to England. They saw a man cutting garments; they visited the production department and the canteen. Thrilled as they were at the sights, they themselves had created quite a lot of interest as each child was dressed in its Red Cross uniform.

The head of the production department downtown told them that for 144 hours of work they would receive badges.

Recently, the Hillside Children's Safety club contributed to the widows' and orphans association fund of the fire department.

Another high light of the summer was the report of no accidents during the entire vacation period. It is evident that the youngsters really take to heart their club song, sung to the tune of "School Days." The words are:

Club Days, Club Days,
Children's Safety Club Days!
We learn to do things
In the safest way,
Whether at work
Or whether at play.
We know all the signals
For crossing the streets,
At intersections, between white-lined streets.
The green light means "go"
The red light means "stop,"
And yellow means caution to all.

Human Head Sacred

In the Fiji islands, the human head is held to be sacred and it is an insult to reach above the head of another person. Women in consequence crawl on their hands and knees when men are at leisure inside a house. Persons who have been insulted are likely to commit suicide to eradicate the shame.

The Bookworm is feeling very smug, this week.

A friend of his has just had a most engaging book published—"Living High," an unconventional autobiography. Frankly, the Bookworm didn't have a doggone thing to do with it—but its publication makes him feel mighty satisfied with the world in general.

June Burn, the author, has written a gay and courageous book. It is the story of twentieth-century pioneers, pioneers who sought and found high adventure and clean living in the far places of our own bright land.

Possibly the most interesting chapters in the book are those dealing with the Burns' life on bleak St. Lawrence island, within the Arctic circle.

Of course, the Bookworm liked best the Puget Sound years. That's where he knew the Burns' and where he had such a gay and hungry time working on "The Puget Sounder," Mrs. Burns' fascinating but impecunious journal, which dealt with the history, current and past, of the "land of a thousand islands."

As one critic put it, this is the screwball book of the month. Nobody should miss it.

And, if in reading this, you become interested in knowing more about Alaska, do look up the Federal Writers' project book, "A Guide to Alaska, Last American Frontier," by Merle Colby, at our own Daly City library. A more exhaustive study of Alaska has not been published, nor a more interesting one.

El Carmelo Drill Team Wins

And when they came home to Daly City they had a big cup with "First Prize" engraved on it!

We're speaking of the drill team of El Carmelo Parlor No. 256, Native Sons of the Golden West. This snappy team outmarched competitors from all over California at the state competition at Oakland, September 7. They won first prize.

This same drill team came in second in a competition at the Napa state fair, recently.

On September 9, Admission day, over a hundred Native Sons and Native Daughters from Daly City took part in the festivities. With their central "base" the Hotel Oakland, the group spent an exciting time in a series of parties, dances, and get-togethers.

The Daly City contingent, marching in the Admission Day parade, was awarded fourth place by the judges for their smartness of appearance and snappy marching.

House of Cotton

The Farm Security administration is conducting experiments in the use of cotton as a building fabric. A house has been erected in Coffee, Ala., with roof and walls covered with cotton duck. The material is nailed to a smooth backing of plywood, plaster or composition board. It is painted with a mixture of white lead and linseed oil. The cost of such a house, including modern plumbing and electric wiring, is only about $1,350.

THE 'MINUTE MAN'

I wonder how many people know that the statue of the "Minute Man" which is used on our defense bonds posters, was done by the sculptor, Mr. Daniel Chester French, who did the great marble Lincoln statue in the Lincoln Memorial in Washington, D. C. Perhaps it would interest you to know a little about the making of this statue, since the story is told to me by the sculptor's daughter, Mrs. William Penn Cresson:

"The young sculptor borrowed from the art museum a large plaster cast of the 'Apollo Belvedere,' which he set up on one side of his studio, and on the other side he placed a long full-length mirror, in which he surveyed his own not unattractive form. And there he made his 'Minute Man.' "

The dedication of the statue on the nineteenth of April, 1875, was a very great occasion in the little town of Concord, Mass. It was one of those bitterly cold days that we have so often in the New England spring. More people were said to have died from the effects of that cold, than had died on the day of the battle they were celebrating.

President Grant and all his cabinet came from Washington for the unveiling. Longfellow and Lowell marched in the procession. George William Curtis was the orator of the day, and orated for more than two hours in the cold. Emerson read his poem written for the occasion, the lines of which were cut on the pedestal of the statue.

WOMEN IN DEFENSE

I am shocked to find through some of the clippings which have come to me, that my answer to a press conference question last week, as to whether I was satisfied with the volunteer participation in civilian defense, seems to have caused a complete misunderstanding of my attitude. I answered truthfully, that I was not satisfied with the civilian defense participation. But that was no criticism, as it was apparently taken to be, of Mayor LaGuardia, because I am sure he is not satisfied either!

How could any of us be content when the organization is just beginning and will never be complete until every man, woman and child in every community throughout the nation, feels that in one way or another, they are contributing to national defense?

Secondly, I find that certain groups of women think that I do not believe in the participation of women in national defense. I can hardly understand how this misconception took place, because I have wanted women to take their place in national defense long before the government machinery was set up.

I felt strongly that, while it was well to take up any training available, it was better not to set up programs which could not later be easily incorporated with whatever arrangements were made through government channels. I believe that there is work to be done by every man, woman and child in the country. Some of us can take training which will make us useful in ways that are closely related to military work. Others, many more probably, can devote themselves to improving the life in their own communities.

This is a very important part of national defense, for it is this life in our own communities which makes national defense worth while. If it is a good life and meets our needs, and we know our neighbors are co-operating to achieve better conditions, then any sacrifices we make to preserve what we have and to attain what we hope for, are cheerfully made, and are part of the duty which we recognize as citizens in a free democracy.

LAMPS

FOR EVERY MEMBER OF THE FAMILY

FOR EVERY PURPOSE

FAMILY STYLE LIGHTING

See that each member of your family has enough light where eyes are busy reading or working or playing. Crowding around a single good lamp is not enough. The "one good parlor lamp" is a thing of the past in the modern home. Good light from Better Sight Lamps must be provided at davenports, at favorite chairs, and at study desks where eyes are at work during the after-supper to bedtime hours.

Promote eye happiness and family happiness in your home by family style lighting. Good lamps are inexpensive items to buy right now. Electricity is cheaper than ever before. It is one of the few items that have not increased in cost. There may be several rooms in your home that need reconditioning with better light from modern fixtures. Make a list of the lighting needs in your home and then do a little shopping around. You'll be surprised at how little it costs to bring a big improvement in the lighting conditions in your home.

Classes

ELECTIONS

Congratulations go to the new corps of officers elected last week to serve their classes for the Fall term.

Elected to head the freshmen were: President, Phil Marales; vice-president, Gloria Baldwin; secretary-treasurer, Helen Capps.

Chosen as president of the sophomores was Andrew Parodi. His officers are vice-president, Metha Woods, and secretary-treasurer, George Lagomarsino.

Walter Cavagnaro was elected president of the juniors and Gloria Tooth, Kay Lopresti and Josephine Bricker were elected vice-president, secretary and treasurer, respectively.

The seniors also chose their leaders, last week. Popular Jean Hanselman was selected as president. Robert Grimes as vice-president, and Rose Marie Carlsen as secretary-treasurer.

EXECUTIVE BOARD

At yesterday's executive board meeting, Art McCrystle, judge, presented the names of the students he had chosen to serve on his jury. Names of the jurist and date for the first court session will be given at a later date.

Serafina Ragni, newly elected sergeant-at-arms, is getting together the students who will serve on his officers' committee.

Members of the board discussed various kinds of pins that the board might purchase for the members.

At the next regular meeting, Tuesday, September 23, the group will make final arrangements for the pins.

NATURE CLUB

If you're buggy about bugs; if you love Mother Nature, or are just plain interested in what makes the green grass grow—you belong in the Jefferson Nature club.

The club was organized last term and is now in its second successful semester. Officers chosen last week to head the group were Carol Bryant, president; Ester Hanel, recording-secretary; June Blecher, corresponding secretary.

At the present time the club has a membership of thirteen. When your reporter spoke to the president about new members she said that no new ones would be admitted for another month.

The "ologists" meet every Wednesday morning from 7:30 a. m. to 8 a. m. Favorite sport of the society is taking field trips to study plant and animal life.

C. S. F.

Jefferson's honorary society is under full swing. At their last meeting Wednesday, the group chose Bob Grimes to head the honorary society as their president. Harvey Melicker was elected vice-president.

Date of the next meeting will be announced by President Grimes in the near future.

ENTERTAINMENT

At the entertainment committee meeting last week, the members set the date for their first dance of the semester as October 10. Tickets will be on sale Monday, September 29.

"Victory" is the theme of the dance. Decorations will be patriotic.

Don't be shy, boys, this is the time to get acquainted.

TOTEM POLE

Everyone is anxious to see the Totem Poles. It won't be long now. The Totem Pole staff announced that the papers would be off the press and in the subscribers' lockers by tomorrow afternoon.

Carmel Robin was chosen last week as acting editor. Her staff includes: Associate editors, Barbara Wilmoth and Arthur McCrystle; boys' sports, Charles Razzari; girls' sports, Verna Flatt; features, Georgia Stamafis; reporters, Don Bannatyne, Dean Nelson, Eldon Prziborowski and Eugenia Rich.

Campus Fashions

Gadgets! Though tiny, they're mighty important!

Little do-dads that add so much zip to a last semester's party dress or campus frock—that is what this week's column is dedicated to.

These are just a few of the tiny trinkets that can do wonders for your has-beens.

A trophy belt of heavy calf is certainly a hum-dinger with a short gored skirt. The belt has loops from which are dangled prized bits and pieces—rabbit's foot, keys or charms.

Another honorable mention in our honor row for do-dads is the identification tag which can be attached to your zipper binder or purse.

Lapel pins also have their place. Cute as a bug's ear, and very inexpensive, is the mock turtle that can be pinned to your shoulder. It looks like an ordinary trinket, yet, when you lift its back you'll find an ideal place to keep your extra pennies.

This week's campus bouquet is given to a tiny miss of 5 feet 3 inches. She is 15 and a low sophomore.

Her campus costume was chic as could be. Her skirt, fashioned in forest green corduroy, was topped with a beige and plaid jacket. Her deep brown eyes fairly sparkled when she named dancing and basketball as her favorite pastimes. Neatness is one of her essentials. No smeared lipstick for this pretty Miss. It was named as her pet peeve.

Nestled in her pretty brown curls was a matching green ribbon. Her ambition is to become an A-1 stenographer. She plans to attend business college upon her graduation.

Phyllis Mossi is our little queen's name. So, Phillis, here is a big bouquet for you.

Ninety-First Division To Hold S. F. Convention

Daly City veterans who are members of the Ninety-First division will be given an opportunity to express their patriotism at the annual convention of that organization, to be held in San Francisco October 3, 4, and 5.

Highlights for the three days announced to date include participation in the huge three hour parade and mock aircraft attack, Friday night, October 3, with open house and reception following; the annual memorial service and hero medal presentation, Saturday afternoon—to be nationally broadcast—with a joint regimental banquet following at the Empire hotel.

Sports

FOOTBALL

Jefferson is going to have a squad they can be proud of — that's what they're saying around the old school house.

With a turn out of nearly fifty boys to participate in the football practises, they simply have to go places!

At the present time there are four teams out on the practise field each day.

The following boys compose Jefferson's first and second string teams:

Ends — Henry Steele, Robert Dyer, Henry McGrath, Art McCrystle; tackles — Jack Faulk, James Nazworthy, Jim Murla, Joe Patton; guards — Bob Vierra, Frank Penseneau, John Tatone, Laurance Christiansen, Bob Grimes; centers—Roddy Dawe, Frank Underhill, Billy Ekers, Merle Van Kirk; backs—Tom Callan, Bruce Davis, Jack Rainey, Ray Valente, Bill Dillan, Lido Cristofani, Frank George, Harlan Ferrando, Frank Pidgeon, Fred Peters, Bob Freeman and George Grimes.

"The boys have plenty of fire and lots of team hustle," said Coach John Matthews.

"There first tussle with Tamalpais will prove a fight to the finish. What the boys haven't in experience, they more than make up in their good sportsmanship and enthusiasm!" he said.

G. P. A. L.

Beatrice Putnam was chosen to lead the G. P. A. L., at their meeting last week. Jeffera Blandini will act as their secretary-treasurer.

In a meeting to be held in the near future, the girls will appoint their heads-of-sports.

Over fifty students turned out for archery last week. In tennis, ten; hockey, twenty, and swimming and life-saving, twenty-five.

Miss Juanita Young and Miss Ella Redkey urge all students who are interested in any of these sports to be sure and sign up this week. No more will be accepted in the life-saving groups.

BASKETBALL

Edgar Smith, biology instructor, has recently taken over the '10 and '20 basketball teams. Practise began, Monday, in the gym. The boys' team, exponent point classification, will start their P. A. L. league in October.

No Blackout

Failure to display tail lights on their baby carriages during the blackout cost four women four shillings (about 80 cents) each. They were fined in magistrate's court at Walsall, Staffordshire. The arrests were made after one of the carriages was hit by an automobile.

At The District Grammar Schools

At Woodrow Wilson Elementary School

ROOM 12

Two new members were welcomed into Room 12, last week. The new students are from out-of-state schools, Norman Rosenbaum, Colorado, and Shirley Webster, Texas.

Being a new student didn't keep Rosenbaum from making friends. He was recently chosen as captain of the volley ball team.

ROOM 14

Bertha and Elizabeth Peltier spent six weeks of their school vacation visiting their sister in Bellingham, Washington. They were accompanied by their mother.

Carrol Kerkow, Long Beach, and Thomas Meyers, San Francisco, were welcomed into their new school by their classmates.

Arthur Rud visited his great grandmother in New York during the summer vacation. He was accompanied by his mother and sister.

Warn Hunters of Forest Fire Danger

Deer and bird hunters were requested by Forest Service fire control headquarters here today to help maintain the season's exceptional forest fire prevention record.

"So far this year," said Regional Forester S. B. Show, "the national forests of California have had less than two-thirds the number of man-caused fires for the same period last year.

"We may expect slightly below normal fire weather for the opening days of the high-country deer season but that shouldn't lure sportsmen into a false sense of security.

"Every precaution must be carried out in the use of warming fires, campfires and burning tobacco."

The Fall semester at Jefferson school opened with an enrollment of 250 students. This large enrollment included the little tots in the kindergarten.

S P CLUB BEATS CALIF UCT

Charves, one-armed pitcher for the S. P. Club, showed D a l y City baseball fans that his handicap didn't mean a thing, Sunday, at Marchbank field.

For the six innings he was on the mound he allowed five hits and three runs, while his teammates were making ten hits and eight runs. The S. P. Club finally won a rather loosely played game from California U. C. T. by the score of 9-8.

Morganstern started the festivities for the victors by clouting a lengthy homer in the first with one on.

Steady hitting by the S. P. Club against the slants of Dowling piled up a lead of 8-3 after six innings, but California U. C. T. got back into the game with four tallies on one hit in the seventh inning. Their one run rally in the eighth fell short, however, and they were held scoreless in the last frame to lose by a single run.

First baseman Gorman, of the Amazon Boys club, found a pitch to his liking, Sunday, and whammed it for a home run. There were two of his mates on the bags at the time—result, three big runs. They were enough to win the game. The Amazon Boys club defeated the Columbia Park Boys club, Sunday, at Marchbank field 4-2.

The game was a tight pitcher's battle, each nine getting eight bingles. Moundsman Smith of the winners kept the Columbia boys' safeties well scattered and always had the game under control.

ARC ELECTRIC DEFEATS EL REY

Nobody could hit the ball very well at the Jefferson Union high school diamond, Sunday, except the boys on the Arc Electric team.

The eleven hits collected by the electricians enabled them to defeat El Rey Builders 5-3. The El Rey stalwarts were held to four hits by Corrigan. Big gun at the plate for the winners was Percival, who plays third base.

In the second game Duboce A. C. defeated Wymen's Drug company 1-0. The Duboce club won with three hits. Their opponents garnered four.

More Space

If there is too little wall space to arrange furniture attractively, a door which is not absolutely essential could be permanently locked and covered with an appropriate wall hanging. Or if the room is to be repapered, the door might be blocked in with a plywood panel and papered.

THIS IS SOME SALMON!

—Photo by Staff Photographer Dale Hovey

We didn't know they grew them that big! Bob Witt, genial proprietor of Wit's End in Daly City, is pictured above, holding up a 54-pound Silverside salmon he caught, recently. His wife is holding up no mean specimen herself. It's the kind of thing that happens to a fisherman but once in a lifetime, even to good fishermen like Bob. It means salmon dinner from now on, but it was the thrill of catching the huge fish that counted most, as any fisherman knows!

Winterland Opens For Public Skating

The glitter of professional ice skating will be replaced by the charm of public amateur skating at Winterland, Post and Steiner streets, Saturday morning, September 20.

Recently the scene of the smash-hit "Ice Follies," the rink was darkened when the show closed, August 30, and has undergone extensive remodeling which has again turned it into one of the West's finest and largest skating surfaces.

During the alterations, the ice area has been doubled in size. The entire lobby of the building has been transformed to provide the greatest comfort and convenience for skaters.

An amazing new feature of Winterland's facilities will be "Marvel-Smooth Ice," one of the latest developments of scientific refrigeration. Absolutely different in its process and effect, "Marvel-Smooth Ice" is said to provide the world's smoothest skating surface.

Activities now arranged at Winterland include group sessions of local skating clubs, as well as courses of instruction under direction of the country's best known skating teachers. Skates will be available at the rink.

Special privileges have been arranged for children and groups.
